

Clore Coffee Table

Clore Coffee Table

The Clore Coffee Table references the private penthouse of the late philanthropist and arts patron Sir Charles Clore, whose home Tamar de Shalit designed in 1963. The coffee table features solid wood frames that are crafted with pocket dovetail joinery details for tool-free assembly. The tabletop simply rests neatly, without fixings, (on clear protective bumpers) on top of the frame, its weight securing the design. The Clore Coffee Table is available with either extra-clear or smoked, toughened glass, stone or solid wood tops, the latter matching the premium AA graded hardwood table frames.

The timber base of the Clore Coffee Table can be purchased as a 'frame only' item, allowing the customer to locally source their own tops (reducing carbon footprint). It arrives flat packed in 4 pieces and simply slots together with the gentle aid of a G-clamp. Fixed felt feet pads are partially recessed into the legs and come as standard. Top specifications available on request. N.B. Glass tops are supplied to the UK only. *
