# Central Stool

The three-legged Central Stool was originally designed by Tamar de Shalit in 1951 as a student at London's Central School of Arts and Crafts. The smooth, half-moon, turned wooden form features three tapered legs and crafted mortise and tenon joints. The piece works either as an occasional table or a stool; its straight side can align with the wall or if paired with another stool forms a fully circular side table, which is then secured with hidden magnet fixings.

The Central Stool is a versatile seat or side table. It can be purchased as a single unit (1 stool) or as a pair (2 stools). A pair of stools is more sustainable to produce, thus more economical to purchase; here the two top surfaces are CNC'd from boards of solid hardwood, that are a premium AA rating, with matching grains and colouration. The packaging for one piece or a pair of stools is the same size. Fixed imbedded felt feet pads are partially recessed into the leg and come as standard.

# Colours and Materials

All Tamart products are made in the UK and Europe. Tamart takes great care to use the finest quality or recycled materials and employs sustainable production techniques to enhance the lifespan of each piece of furniture. All Tamart products are repairable and recyclable. Read our sustainability statement [here](#).

## Wood

All Tamart wooden products are crafted by producers that use European FSC timbers, and an oiled (plant-based) finish, and are available in black-stained ash, or natural ash and oak. With 40% less waste, the black stained ash is the most sustainable timber.

## Glass | Clore Tables

12mm Toughened, extra clear PAR. Glass tops are only supplied in the UK, please contact us for outside UK deliveries.

## Glass | Clore Lamp Shade

Handblown opaque glass crafted in Czechia by artisans using metals moulds and by layering opaque white and clear polished glass.

## Leather

The natural vegetable-tanned leathers are sourced in Europe and are available in black, natural or chestnut colours.

## Upholstery

Layers of recycled and natural pure fibres are built by hand over solid timber frames and stretchers.

## Textiles

Each upholstered piece is offered in a range of natural wool textiles from the British textile producers Mournie Textiles (fabric 02 Mist, Pebble, fabric 03 Cloughmore) and Bute Fabrics (fabric 01 Teddy), as well as an exclusive Tamart-designed fabric called Contrast. Customers Own Materials (COM) is also offered.

## Contrast

A 100% pure new wool tweed, is exclusively produced for Tamart's debut product collection. Tamart has worked closely with Bute Fabrics to develop the Bute Tweed range, to create Contrast – a bespoke black and white woven fabric based on an original fashion textile designed by Tamar de Shalit.
