# Highgate Chair

The new Highgate Chair takes its design cues from essential modernist principles with its simple rectangular construction and strict geometric appearance inspired by designs from the 1960s in Tamart's archive. The contemporary pill-shaped, comfortably angled back and bullnose curved stile tops and feet soften the appearance while the fine, naturally dyed leather sling-style seat gives the chair a lightness. The light padded leather seat, with contrast stitching is tension-fitted allowing the comfort to be adjusted and refreshed.

The perfect companion to Tamart's Clore Dining Table as a meeting or dining chair. The versatile side chair is suitable as a stand-alone seat for community meetings and ecclesiastical areas, or residential and hospitality dining. The timber frame is offered in sustainably sourced natural oak and black stained ash with a choice of matching or contrasting colours of natural vegetable-tanned leather sling seats. Fixed felt feet pads are partially recessed into the legs and come as standard.
