### Tamart Makes Its Nordic Debut at Trends & Traditions, Copenhagen

**Location**

Lokomotivværkstedet Otto Busses Vej 5A, 2450 Copenhagen

**Stand No**

V13

**Hours**

7 May 2026, 9am-11pm (last entry 7pm)

The British furniture brand brings its design vision to Denmark for the first time.

Tamart, the UK-based luxury furniture brand helping to redefine contemporary living through sensitively crafted, modernist design, makes its Scandinavian debut at Trends & Traditions – the prestigious one-day professional trade meet and greet in Copenhagen on 7th May 2026.

The appearance marks a significant moment for the brand, as Tamart steps onto the Nordic stage for the first time, introducing its distinctive designs to an audience renowned for its exacting standards in craft, materials, and environmental responsibility.

### **Tamart furniture on show at Trends & Traditions**

Visitors to Tamart's stand can experience its craftsmanship firsthand with this core collection:

#### **Clore Lounge Chair**

Originally designed in 1963, the Clore Lounge Chair features a gently curved seat and back on a reclined timber frame with a non-toxic foam free upholstery. It is offered in a range of pure wool textiles and Natures Collection sheepskin. It exemplifies the very best in furniture for wellbeing whether for home or workplace.

#### **Clore Floor Lamp**

The Clore floor lamp is a commanding lighting statement for any space. It features a handblown elliptical glass shade sitting within a solid oak cradle.

#### **Highgate Chair and Highgate Chair with Arms**

The Highgate Chairs take their cues from essential modernist principles with its simple rectangular construction and geometric lines. With timber frames in oak or stained black ash, the Highgate Chairs comfortable pill-shaped back and bull-nose curved style tops and feet soften the appearance. The light padded seat with contrasting stitching is tension fitted allowing it to be adjusted and refreshed.

#### **Highgate Bar Stools**

A blend of modernist heritage with sustainable craftsmanship. The Highgate Bar Stools are available in two heights with or without backrests featuring naturally dyed leather suitable for hospitality and residential use.

#### **Central Stool**

The first design from Tamar de Shalit whilst a student at London's Central School of Arts & Crafts in the 1950s. An ingenious multi-functional half-moon shape stool or side table with integrated magnets to 'snap' together to create a whole. Crafted from natural oak and ash or black stained ash.

## Trends & Traditions, Copenhagen

---

### **A British Brand With Roots That Run Deep**

Founded in the United Kingdom in 2024, Tamart is a young brand with an unusually rich heritage. At the heart of its identity lies a remarkable provenance: its collections are drawn from the original archival designs of the founders' parents – a body of modernist work that has been faithfully studied, sensitively reinterpreted, and brought to life for a 21st century market.

### **Credentials with integrity**

Tamart appears in Copenhagen with strong values and validations. The brand's upholstery is foam-free, using natural layers of natural wool, horsehair and natural latex. Its frames are constructed from FSC-certified solid hardwood, graded and matched for grain, colouration and long service life. There are no synthetic shortcuts. For Trends & Traditions buyers and specifiers who hold sustainability to an uncompromising standard, Tamart's credentials are built to stand up to scrutiny.

### **Why Copenhagen, Why Now**

Tamart can now be specified through Holmrís B8, a leading B2B supplier of furniture and interior design in Denmark, with a significant presence across Scandinavia, Germany and the Netherlands. Holmrís B8 is also the organiser and founder of Trends & Traditions.

Trends & Traditions has established itself as one of the most focused and high-quality professional forums in the Nordic trade calendar – a single day designed for meaningful connection, serious conversation, and the discovery of brands worth knowing. For Tamart, it is precisely the right environment in which to introduce itself. 'We have long admired the Scandinavian approach to design – the discipline and the integrity,' says Amos Goldreich, Tamart's founder.

### **Meet Tamart at Trends & Tradition Stand No: V13**

Tamart's founder Amos Goldreich will be available throughout the day on 7th May to meet trade buyers, interior specifiers, designers and press.

### **About Tamart**

Tamart is a furniture and design brand founded by the London-based architect Amos Goldreich, honouring the lives and work of his late parents, the modernist architects and polymaths, Tamar de Shalit (1932–2009) and Arthur Goldreich (1928–2011). The brand celebrates the creative and romantic relationship of de Shalit and Goldreich, both key figures in the modernist design scene in Europe, the Middle East and Africa during the 1960s and 1970s, by reimagining and contemporising mid-century pieces designed and specified by them during their careers. Designs are drawn from and inspired by the vast collection of over 10,000 original plans, photographs, documents, and prototypes discovered by Goldreich after his parents' passing.

Tamart products are skilfully crafted in sustainable materials and fabricated in the UK and Europe. In addition to care spaces, Tamart's furniture and lighting collections are designed for hospitality and leisure, workplace and domestic environments.
